A NATIONALLY RANKED UNIVERSITY IN YOUR OWN BACKYARD

Through its Division of Outreach, the University of Mississippi operates four regional campuses in North Mississippi to support the University’s mission to provide outstanding educational opportunities to citizens throughout the state and region. When you enroll at one of our regional campuses, you can expect the same high standards of academic excellence that you would find on our main campus in Oxford.

The regional campuses work in conjunction with area community college partners to help students complete their college degrees through bachelor's programs. Junior and senior-level coursework is offered through day, evening and online courses. Students are able to continue working, maintain important roles in family life and stay active in the community. Degree programs and course offerings vary by campus. Please contact your individual campus of interest to learn more about available programs.

As a transfer student, your move to the Ole Miss family will be one of the most important in your life. Here are just a few of the reasons why transferring to Ole Miss is the right move:

• Your academic course work during your first two years will plug right into our bachelor’s degree programs and let you stay on track.
• Because of smaller classes, our excellent teachers are able to take a personal interest in their students.
• Our Financial Aid Office has staff members devoted to the regional campuses. These Financial Aid Counselors work hard to help you receive the combination of grants, scholarships, loans and employment you need to finance your education.
• Our Phi Theta Kappa (PTK) scholarship is worth $8,000 ($4,000 per year for two years). Nonresident PTK members will receive an additional $3,000 per year for two years toward the nonresident fee.
