## Description of Applied Sciences Core Requirements

LITERATURE. Recommended courses are ENGL 221, 222, 223, 224, 225 and 226.

FINE ARTS. Courses that meet the fine arts requirement are Art History 101, 102, 201, 202; Music 101, 102, 103, 104, 105; Dance 200; and Theatre 201.

HUMANITIES. The course may be chosen from courses with any of the following prefixes: African American Studies (AAS), Classics (CLC), Gender Studies (GST), Literature, Modern Languages, Philosophy (PHIL), Religion (REL), and Southern Studies (SST).

MATHEMATICS. Courses that meet the mathematics requirement are MATH 121, 123, 125, 261, 267.

STATISTICS. Courses that meet the statistics requirement are MATH 115, ECON 230, BUS 230 and PSY 202.

HUMAN BIOLOGY WITH LAB. UM courses that meet this requirement are BISC 102/103, 160/161, 206 or 207. Some **transfer courses** like Zoology and Botany may show up on the transfer equivalency as being equivalent to our BISC 102 or 160; however, the School of Applied Sciences will not accept those courses as meeting the human biology requirement.

ADDITIONAL SCIENCE WITH LAB. This course may be chosen from any of the following areas of science: Biology, Chemistry, Geology, Physics or Astronomy. ASTR 101 and 102 do not include laboratory work; ASTR 103 and 104 do include laboratory work and satisfy this requirement. A student cannot receive credit for taking ASTR 101 or 102 with either 103 or 104. In addition, students cannot receive credit for taking both BISC 102/103 and BISC 160/161 or BISC 104/105 and 162/163.

## College/School-wide Degree Requirements

Professional core course work for newly admitted students, readmitted students, and transfer students must be current within a seven-year period at the time of admission to a program, unless more current course work is required by accreditation standards; there will be no limit on general course work.

Within the University of Mississippi's academic residency requirement which states that at least 30 semester hours of residence credit must be taken in the school or college recommending the degree, at least 15 of those hours must be professional courses required in the major.

Total Hours Required - At least 120 semester hours with passing grades must be completed for any School of Applied Sciences degree.

Advanced Work Requirement - At least one-third of the hours applied toward a degree must be at the 300-, 400-, or 500-level. For example, a student qualifying for a degree with 120 semester hours must show at least 42 hours of work at the 300 level or above.

Exercise and Leisure Activity Courses - While exercise and leisure activity (EL) courses are not required, a maximum of 6 hours of these courses may be counted toward a School of Applied Sciences degree. These Courses are taken only on a pass-fail grading basis.

**For majors requiring students to complete a minor** –At least 6 credit hours of minor course work must be taken from The University of Mississippi. Unless otherwise stated in the catalog, a 2.0 must be obtained on all work applied to the minor both overall and in residence. Consult catalog for specific requirements for individual minors.

Applying for degree - Each senior must apply for a degree by submitting an "Intent to Graduate" Form (available in the George Street House or on the School of Applied Sciences web site) to the dean's office in the semester preceding the semester in which the student expects to graduate. The dean's office sets the application deadlines and notifies students of their specified deadlines by e-mail. This deadline will allow the student time to make any schedule changes required to complete all degree requirements and should guard against the disappointment of having graduation delayed.

# University Degree Requirements

**Minimum Grade-point Average** - For the award of a bachelor's degree from any school or college of The University of Mississippi, a student must earn a GPA of at least 2.00 on all course work submitted in fulfillment of the course requirements for the degree. In addition, the student must earn a minimum GPA of 2.00 on all course work attempted at The University of Mississippi. Finally, the student must have a minimum 2.00 GPA on all college work attempted at any institution of higher learning.

**Residency Requirement** - At least 25 percent of the semester credit hours required for an undergraduate degree (e.g., 31 hours for a 124-hour degree) must be taken in residence. At least 30 semester hours of residence credit must be taken in the school or college recommending the degree. Both hours taken before and after a student declares a major in a particular school or college may be used to satisfy the 30-hour residence requirement.

**Community College Credit Hour Limit** - The limit on the acceptance of credit from a junior or community college is one-half the total requirements for graduation in a given curriculum.

**Last 21 Hour Residency Requirement** - Students must acquire at least 15 of their last 21 credit hours in residence at the university. That is, no more than 6 of the last 21 hours may be transfer credit. A student may not apply courses taken from the university's Independent Study department or via the university's study abroad or exchange programs towards this 15 hour requirement unless the student has obtained written approval from the student's academic department and dean before enrolling in the course.
