

Santa Fe, New Mexico

Geological Engineering Design Field Camp 2

GE 401

Dates: May 9-23 or August 1-15, 2021

Credit Hours: 3

Instructor: Dr. Lance Yarbrough, Assistant Professor of Geology and Geological Engineering

Cost: \$1,695 plus tuition

Application Deadline: April 8, 2021

www.outreach.olemiss.edu/study_usa/santafe_ge401_21.html

Students will:

- Learn advanced applications of geological engineering field instruments and techniques
- Enhance geologic observation and interpretation skills
- Prepare geologic and engineering reports, maps, and figures
- Work on geologic engineering mapping exercises on topics like hydrology, environmental applications, hazards engineering, and more
- Explore the historic and unique town of Santa Fe

**Students who have lost eligibility for ACM due to academic standing will NOT be eligible for the Study USA non-resident fee scholarship.*

Dates:

May 9-23 or August 1-15, 2021

Location:

Students will spend two weeks in and around Santa Fe, New Mexico. Shared accommodations at a local hotel will be provided.

Who should take this course?

This program is for geology and geological engineering majors. Students must have successfully completed GE 301, GEOL 303, GEOL 305, and ENGR 340.**

Costs:

Program cost is \$1,695 plus tuition. Included in the cost are housing, group ground transportation, all breakfasts and lunches, selected course materials, tours, and admission fees. Excluded from the cost are the Study USA application fee, tuition, travel expenses to/from New Mexico, and personal spending money.

Study USA course fee subject to change depending on COVID related expenses. Students will be notified of any fee changes prior to posting.

Travel:

Students will make their own travel arrangements to and from Santa Fe. Students can fly into either Albuquerque International Sunport (ABQ) or Santa Fe Municipal Airport (SAF). From Albuquerque, students must make arrangements for travel to Santa Fe, either by private vehicle or via Sandia Shuttle. Group ground transportation in Santa Fe will be provided.

Please verify specific dates with instructor and confirm that the course has adequate enrollment to make before making travel arrangements. Itinerary subject to change.
