

Details

Dates: May 20 – June 2, 2024

Credit Hours: 3

Instructors: Dr. Jennifer Gifford, Assistant Professor of Geology and Geological Engineering and Dr. Julie Retrum, Instructor in Geology and Geological Engineering

Cost: \$2000 plus tuition

Application Deadline: March 1, 2024

Students will:

- Students will learn the use of the Brunton compass for measuring and orienting in the field
- Measure and describe stratigraphic sections while in the field
- Experience geological mapping and construction of relevant geological illustrations from the data collected
- Explore the Bighorn National Forest and the Amsden Wildlife Habitat Management Area

Dates

Students should plan to arrive in Sheridan, WY on May 20, and the field camp will take place May 20 – June 2, 2024.

Who should go?

This program is a required class for all students in the B.S. degrees of both Geology and Geological Engineering. GEOL 225 and GEOL 314 are prerequisites.

Location/Travel

Students will be based in Sheridan, WY; field experiences will be centered on the Bighorn National Forest, Amsden Wildlife Habitat Management Area, and Bald Mountain.

Students will make their own travel arrangements to and from Sheridan, WY. Ground transportation and shared accommodations in Wyoming will be provided. Shared accommodations will be provided. Study USA students may have their airfare billed to their bursar account. Details will be available upon enrollment in the course.

Costs

\$2000 plus tuition. Included in the program fee are housing, group ground transportation in Wyoming, most meals, selected course materials, tours, and admission fees. Excluded from the cost are the Study USA application fee, tuition, travel expenses to/from Wyoming, and personal spending money.

Once accepted to a program, the student accepts financial responsibility for Study USA program fees and tuition and must adhere to the application and withdrawal policy.

Please verify specific dates with instructor and confirm that the course has adequate enrollment to make before making travel arrangements. Itinerary subject to change.

**There will be only one section of GE 301 offered this summer.*
